Southalls' IMPROVED Combination Suspender

Uniting the qualities of Stocking
and Sanitary Towel Suspender, thus
preventing the discomfort of wear-
ing two bands.

This improved Suspender supersedes the old No. 1 and No. 2 "Combination" Suspenders formerly sold.

The improved pattern has the Stocking Suspenders attached to the front of the band instead of at the side as formerly, and possesses the advantage of keeping down the points of the corsets.

The improved Suspender is made in white material only, linen lined, and in sizes varying from 19 to 30 inches waist measurement.

Price—1/6 each.

All Suspenders are made in sizes varying from 19 to 30 inches waist measurement.

SOUTHALLS'

Corset Towel Suspenders

Made in Elastic, with Patent Fasteners.

SOUTHALLS' ACCOUCHEMENT SETS

Containing the necessary requisites selected from
Southalls' "Sanitary Specialities," for use in Confinement.

Size 2.

In designing these Sets, the experience of many Eminent Obstetricians and Trained Nurses has been obtained, with the result that the Sets will be found invaluable as regards comfort, cleanliness, and diminution of the risks of septic infection, both to the Nurse, Patient, and Child.

Since we introduced the *enlarged and most complete set* it has been found to supply a real want, and is especially useful in cases of first confinement, as it includes several necessary appliances and adjuncts which were too expensive to permit of their being included in either of the other Sets. [For contents of Sets see pages 12 and 13.]

Prices ... Size 1, ~~10/6~~; Size 2, ~~21/-~~; Size 3, ~~42/-~~ each.
